Sachem Central School District

Curriculum and Instruction Office

July 2020

Dear Sachem Families:

We are looking forward to welcoming our incoming Kindergarten students to Sachem.

Due to the school and district building closures, we were not able to hold our traditional Kindergarten screening in May. We also know that many families may have not been able to register their child in person. Thank you for your patience during this time and know that we continue to explore safe ways to meet the children and families.

*If you have not yet registered your child to attend Kindergarten, we ask that you do so as soon as possible via Remote Registration.

Due to social distancing and CDC guidelines, we would like to ask parents and/or guardians to complete our Sachem Kindergarten Parent Feedback Form as soon as possible to provide us with information on your child’s academic, physical, and social/emotional wellbeing. To complete this form, you do not need a Google account. Please click on the hyperlink above or use the QR code below:

(If you have trouble, it may be best to copy the link into a web browser and avoid using a mobile device. If you wish to use the QR code, you can often use the camera from a phone or tablet.)

We will use the provided information to tentatively place students in classes and will follow up with additional screening assessments when guidelines allow us to meet your child in person.

Please understand that currently, we are awaiting additional guidance from Governor Cuomo about returning to school in September. In the meantime, we are preparing for several scenarios outlined in our Sachem Community Summary Update of July 14, 2020.

If possible, we may contact families for in-person screening later in the summer.

We thank you again for your patience and understanding as we continue to gather information and plan accordingly.

Sincerely,

Erin Hynes
Assistant Superintendent for Curriculum & Instruction
