

## Fundraiser

On Thursday October 28<sup>th</sup>, the Sachem East (pictured) and Sachem North JV2 volleyball teams took part in a 'Dig Pink' fundraiser, which is a way of raising awareness and funds for breast cancer through volleyball. The gym was packed and the games were close, but more importantly we raised almost \$300 from t-shirt and food sales to go towards the Side Out foundation for breast cancer. Congratulations to both teams for making their last game of the season one to remember and also doing great things for the community!
