The New York State Education Department Guidelines for Driver and Traffic Safety Education require a minimum of 24 clock hours of classroom instruction (lecture) and 24 clock hours of laboratory (in car) instruction. Note: There will be four students per car and driving will be 6 hours in total per student and the remaining 18 hours will be in observation while the other 3 students are driving. This means that a student must attend all 48 hours of this program in order to receive an MV-285 certificate. One make-up date will be provided for absences due to emergency. Otherwise, No Absences are permitted. Check your schedule for possible conflicts and be certain that absences will not occur.

**LIMITATIONS OF JUNIOR LICENSE.....**

A student, who is still 16 and passes a road test, even if he/she has successfully completed the Driver Education Program, is still limited by a Junior License and the following restrictions apply in Nassau/Suffolk Counties:

- Check with the Department of Motor Vehicles for Certification of 50 Hours of Supervised Driving (Form MV-262)
- The student may drive a vehicle appropriate to his or her license directly to or from a state approved cooperative work-study program. Carry form MV-287A with the license.
