September 2019

Dear Parents/Guardians:

The Sachem Emergency Management Plan requires an annual drill as per the Commissioner of Education's regulations. This drill to test the early dismissal/sheltering aspects of the plan is scheduled for Friday, October 4, 2019 when schools will dismiss fifteen (15) minutes earlier than their normal dismissal time. Parents are reminded to please make appropriate arrangements for the early arrival of their children as a result of this drill.

School bus transportation service will be provided as usual on October 4th with the fifteen (15) minute earlier dismissal.

The SCOPE after school child care program will operate as normal on October 4th with these students entering their activity fifteen (15) minutes earlier than they usually do. Parents should pick up their children at the center at their usual time.

Should you have any questions regarding the details of this planned drill, feel free to contact the school.

Very truly yours,

Denise F. Kleinman  
Principal
