Sagamore Middle School

January 26, 2021

Sagamore Families,

Live Streaming of daily lessons will commence on Monday, February 1 for all classes. Teachers will use video cameras, an audio feed and the sharing of their screens to present a lesson for students in school and at home simultaneously. We have had some staff piloting this initiative and now we are moving toward full implementation. There will be bumps along the road for students and staff and we appreciate your patience as we implement Live Streaming.

Students at home will log into the Google classroom for each of their class periods, including homeroom, at the standard period times as outlined on page 2 of this notice. There will be some variability with the Live Stream between subjects and teachers but the ability to have students at home engaged in a live lesson is extremely beneficial.

Please review the important information included below.

- Live Streaming will be accessed from the Google Classroom for each teacher and period.
- Contact the classroom teacher if your child is having technical difficulties or is unable to access a device.
