SCHOOL DISTRICT RECORDS

It is the policy of the Board of Education to inform members of the public about the administration and operation of the public schools in accordance with the Freedom of Information Law of the State of New York.

The Superintendent of Schools, or his/her designee, shall develop regulations ensuring compliance with the Freedom of Information Law and setting forth the procedures to be followed to obtain access to Schools District records, and submit such regulations to the Board of Education for approval. The Board of Education will annually appoint a Records Access and Records Management Officer, in accordance with the law.

Retention and Destruction of Records:

The Board of Education hereby adopts the Records Retention and Disposition Schedule ED-1 issued pursuant to Article 57-A of the Arts and Cultural Affairs Law, which contains the legal minimum retention periods for School District records. In accordance with Article 57-A, the School District will dispose of only those records described in the schedule after they have met the minimum retention periods set forth in the schedule. The School District will dispose of only those records that do not have sufficient administrative, fiscal, legal or historical value to merit retention beyond the established legal minimum periods.

The Superintendent of Schools or his/her designee will establish procedures in the event the School District is served with legal papers. The Superintendent of Schools or his/her designee will communicate with applicable parties, including the school attorney and the records management official, to ensure that, when appropriate, a litigation-hold is properly implemented. The litigation-hold is intended to prevent the destruction or disposal of records that may need to be produced as part of discovery. It is the intention of the Board of Education to comply with applicable rules and regulations regarding the production of necessary documents, data, files, etc. The Board of Education directs the Superintendent of Schools or his/her designee to institute such procedures to implement this policy.

PUBLIC COMPLAINTS

The Board of Education recognizes the right of community members to register individual or group concerns regarding instruction, district programs, materials, operations, and/or staff members. The main goal of the School District is to resolve such concerns with only the parties involved, whenever possible. Public complaints about the School District will be directed to the proper administrative personnel. Complaints about specific classroom practices shall be directed to the teacher concerned. If the matter is not settled satisfactorily, the complainant shall then contact the Building Principal; if there is no resolution on this level, the Superintendent of Schools or his/her designee shall be contacted. The Superintendent of Schools may refer an issue to the Board of Education for final resolution when resolution of the issue cannot be accomplished at the administrative level.

Matters referred to the Superintendent of Schools and/or the Board of Education may be required to be placed in writing. Concerns registered directly to the Board of Education as a whole or to an individual Board of Education member may be referred as soon as is reasonably possible to the Superintendent of School or his/her designee for investigation, report, and/or resolution.

Complaints concerning violations of ESEA Title I, Parts A, C, and D, or of the General Education Provisions Act; or of Section 100.2(ee) Academic Intervention Services of the Regulations of the Commissioner are covered by the following procedures which are available at the New York State Education Department NCLB Complaint Policy and procedures weblink, <http://www.emsc.nysed.gov/nclb/complaintappeals>.

SMOKING ON SCHOOL PREMISES

Due to the health hazards associated with smoking, and in accordance with federal, state and county law, the Board of Education prohibits smoking including smoking e-cigarettes, personal vaporizers (nicotine and non-nicotine based) and all other tobacco/nicotine use in all school district buildings, on school grounds, and in any vehicle used to transport children or personnel. GIFTS FROM THE PUBLIC

The Board of Education is duly appreciative of public interest in and good will toward the schools manifested through gifts and grants. It shall be the policy of the School District to accept a gift, provided it is made within the statutory authority granted to school districts and has received the approval of the Board of Education. The Board of Education reserves the right, however, to specify the manner in which gifts are made, to define the type or grant which it considers appropriate, and to reject those which it considers inappropriate or unsuitable.

The Board of Education believes that it is bound by its public function and responsibility to provide facilities, equipment and staff adequate to maintain its regular instructional program. The Board of Education will not accept gifts which could be interpreted as an assumption of this responsibility on the part of the donor.

Gifts which will heighten the educational experience of the student may be considered appropriate and acceptable. Gifts which duplicate certain existing facilities and equipment, thus accelerating the attainment of particular education goals, may be considered appropriate and acceptable. In general, the Board of Education will not accept gifts with conditions or contingencies attached.

All gifts become School District property and may be disposed of at the discretion of the Board of Education.

In granting or withholding its consent, the Board of Education will review the following factors:

The terms of the gift must identify:

- a. the subject of the gift
 - b. the purpose of the gift
 - c. the beneficiary or beneficiaries if any
 - d. all conditions or restrictions that may apply.
1. If the gift is in trust, the obligation of the investment and reinvestment of the principal shall be clearly specified and the application of the income or investment proceeds shall be clearly set forth.
 2. No gift or trust will be accepted by the Board unless:

- a. it is in support of and a benefit to all or to a particular public school in the School District, or
- b. it is for a purpose for which the School District could legally expend its own funds, or
- c. it is for the purpose of awarding scholarships to students graduating from the School District.

Any gift rejected by the Board of Education shall be returned to the donor or his/her estate within sixty (60) days together with a statement indicating the reasons for the rejection of such gift.

All gifts and grants are to be made to the School District through the Board of Education and not to particular schools or school organizations. The Board of Education will accept, acknowledge receipt of, and express appreciation for all approved gifts.

Items such as building furnishings, landscaping materials, decorative art work, etc. must conform to local standards and may not be selected by the donor.

INTERPRETERS FOR HEARING-IMPAIRED PARENTS

The Board of Education recognizes that those School District parents with hearing impairments which prevent a meaningful participation in their child's educational program must be afforded an opportunity equal to that afforded other parents to participate in meetings or activities pertaining to the academic and/or disciplinary aspects of their child's education. Accordingly, and pursuant to law, the School District will provide an interpreter for hearing-impaired parents for school-initiated academic and/or disciplinary meetings or activities including, but not limited to:

- Parent/teacher conferences
- Committee on Special Education (CSE) or building level team meetings
- Planning meetings with school counselors regarding educational progress
- Career planning
- Suspension hearings or other conference with school officials relating to disciplinary actions

The School District will provide an interpreter for the hearing-impaired parent if a written request for the service has been submitted to and received by the district within fourteen (14) days prior to the scheduled meeting or activity. If an interpreter is unavailable, the School District will then make other reasonable accommodations which are satisfactory to the parents (e.g., note-taker, transcript, decoder, or telecommunication device for the deaf). These services will be made available by the district at no cost to the parents.

The Board of Education directs the Superintendent of Schools or his/her designee to maintain a list of available interpreters and to develop procedures to notify parents of the availability of interpreter services, the time limitation for requesting these services, and of the requirement to make other reasonable accommodations satisfactory to the parents should an interpreter not be available.

Hearing-impaired parents are requested to submit the attached form to request accommodation of their disability.
