

SmartBoard Resources PDP

In an effort to save time, instead of creating a SmartNotebook file from scratch, there are several places you may find some readymade ones. Be sure to check the following websites:

A) On the Web:

Smart approved lessons: browse by subject and grade level

<http://education.smarttech.com/ste/en-US/Ed+Resource/Lesson+activities/Notebook+activities/Correlated+Search+us.htm>

- Many of these lessons may be used as is or with minor modification
- Lessons are submitted by educators or created by SmartBoard staff

Wichita Schools Lessons: arranged by subject but includes grade levels

<http://technology.usd259.org/resources/whiteboards/smartlessons.htm#Math>

Gasconade County Resources: Arranged by subject and grade level

http://owensville.k12.mo.us/~SMART_Lessons/Subjects.htm

Sachem's SmartBoard Resources: Links to handouts, Interactive Websites and State Assessments (few notebook files at this time)

<http://www.sachem.edu/dept/sd/smartboard/smartboard.htm>

Additional Interactive Websites (not notebook files): sorted by subject and grade

<http://www.rockingham.k12.va.us/howto/smartboard/lessons.htm>

B) Shared Drives

Several teachers have made lessons available to everyone. Aside from your own grade level, (you can share your own lessons or those you may have downloaded). Be sure to check out the following additional locations for lessons or ideas:

1. Double Click on "My Computer" icon
2. Double Click on the "M:Instruct –Share/Hiawatha-inst" or if not at Hiawatha, the drive for your school.
3. Scroll down to and Double Click on the Elementary Folder and choose
 - Double Click the "Math Folder" to find activities created by and/or saved by Carol Bishko OR
 - Double Click on the District PDP folder and find sample lessons from a District Wide PDP session for grades K-5.

SmartBoard Resources PDP

C) Scanner

- Existing Diagrams, Pictures, etc can be scanned as an image (scan to file) and inserted as an image
- Additional Ideas include Black Line Masters, Word Searches and more

D) Use the Camera Tool

- When in the Notebook, click on the camera icon to launch the capture tool (see below). Select one of the capture methods and if you want the image to be saved to a new Notebook page or not.
- Utilize State Assessment Questions in PDF format - capture desired questions and images to quickly create a notebook file. State assessments can be found at:
<http://www.emsc.nysed.gov/osa/>

Button	Use this button to	Button	Use this button to
	Capture a rectangular area of the screen		Capture the entire screen
	Capture a particular window on the screen		Capture a freehand area of the screen

Note 1: After inserting a captured image, right click on it and choose “Set Image Transparency” so that your background image or color (if any) will show through the imported picture.

Note 2: Use the “locking” feature to prevent accidental movement of background objects by right clicking on the object and choosing “Lock In Place”
