

Sachem Publications Are Going Green!

In an effort to help protect the environment and save taxpayers money, Sachem will soon be reducing the circulation of its district publications while transitioning to a fully electronic format. Until further notice, the newsletters will still be mailed to homes, and will continue to be accessible through the district website. **The following publications will NOT be mailed to homes and are now available at www.sachem.edu: *Sachem Transportation Guide*, *Sachem Community Education Brochure*, *Sachem Enrichment Adventure Program (SEA)*.** Printed versions of these publications will also be available at all of our elementary schools, middle schools and high schools, as well as the District Office and Sachem Public Library.

Please note that registration for the fall 2010 Community Education program begins August 10. Should you have any questions, please call the Community Education Office at (631) 471-1411.

In the coming school year, we will update you as we seek to reduce printing costs and paper use while continuing to maintain the home-school connection in our move to an electronic format.
