

TASK 3

Using your notes from chapter 1, complete the boxes with information on each topic for each civilization. Use the following explanations to help you what kind of information you are looking for each topic:

Political-anything that has to do with government, rulers, organization of running the society

Intellectual-anything that has to do with ideas

Technology- what kind of tools do they have, did they develop, how do they accomplish the tasks they need to accomplish

Economy- jobs, what they produce, exchange/trade, labor, payments

Social- about the people, especially in groups; how groups are ranked; anything that relates to groups of people in relation to each other.
