

Sagamore Students and Parents,

Welcome to the Sagamore website! This is a place to find valuable information about our programs and scheduled events. You can access important content such as the daily announcements, student handbook, code of conduct, important forms, staff e-mail contacts and PTSA information.

In a continued effort to **go green** mailings to the home will be limited. Necessary forms and permission slips will be posted on the website and distributed during school when appropriate. Progress reports and report cards will be accessed on the e-school parent portal. Anyone who does not have access to the internet can contact the Sagamore Main Office and arrange for the mailing of reports and documents.

At Sagamore we emphasize academics, social responsibility, citizenship and leadership during these middle years. We prepare our students for success with the ever increasing rigor of the state curricula and assessments. We offer a wide array of extra-curricular opportunities for students including sport teams, performing groups, clubs, dances, field trips and the musical production, to name a few. Social responsibility is a hallmark of a Sagamore education and there will be numerous opportunities for community service. Leadership habits and skills are integrated throughout the day in all subjects and events. Middle School is about new experiences so we encourage all students to become involved!

Please be sure to check our website throughout the year for updates on upcoming events. We wish you the best during your time in Sagamore!

Sincerely,

A handwritten signature in black ink that reads "Frank Panasci". The signature is written in a cursive style with a large, stylized "F" and "P".

Frank Panasci  
Principal  
Sagamore Middle School
