## Town of Brookhaven Highway Department **Teen Driver Safety Program**

During National Teen Driver Safety Week (October 15-21, 2023), young drivers can experience the consequences of driving distracted or impaired during this program, which takes teenagers age 15 and older through a variety of interactive exercises designed to replicate the impairment created by drinking or texting. Certified instructors discuss the importance of developing safe habits on the roadways. Teens then use electric cars to complete obstacle courses designed to simulate driving while texting and impaired.
